#### DASHING TWEEDS CYCLING SUIT

From £900, Dashing Tweeds

Guy Hills, the sought-after photographer, is a tweed enthusiast. The tweeds he has developed with weaver Kirsty McDougal are a revelation. Snappy modern classics, they incorporate revolutionary Lumatwill technology, so without looking like a road sweeper you can still be visible at night. Perfect for cyclists and road hacking. The bespoke suits bring a whole new meaning to the phrase "be smart, be seen".
